

Board of Trade Discusses Oil With Company Promoter

Gleichen Men Cautiously Invest-Prepare to Drill for Oil and Gas

Without any "ifs," "cans," or "may's" Mr. Allan J. McLay, of the Oil Producers Corporation of Canada, told about thirty men present at Gleichen Board of Trade meeting last Thursday night, that his company would start drilling for gas and oil less than a mile northwest of Gleichen just as soon as a drilling outfit could reach here, and he got into shape to start operations, which he estimated would be within 30 days and providing any such rate as the company met in other fields drilled, within 90 days their first well at Gleichen should be completed.

This is the good news Mr. McLay imparted to the gathering at which he stated this was his first attempt to speak in public as his post in the company was that of oil operator. He is to be congratulated upon his forwardness in stating the facts of his case and the manner in which he answered all questions. All of which went a long way in establishing confidence in him. He stated while he was no speech maker he had been in the oil business since he was fourteen years of age and knew it quite thoroughly.

He stated the people of Gleichen would be given an opportunity to invest just what ever they wished in the company, which would be spent in operating right here. But whether or not Gleichen folks invested well drilling would be proceeded with. Prospects of the company were distributed and he stated that in investing now the shareholders would not only hold interest in the Gleichen undertaking, but, also, in the company's properties at the States where they already had struck oil.

Furthermore a franchise to supply Gleichen with gas would be asked, just as soon as gas is struck and it should be supplied to Gleichen at a lower rate than Calgary i now pay for.

After considerable discussion it was decided to leave the matter in abeyance until the next meeting to allow full consideration and then to bring up a motion to boost along the proposition.

Since then A. B. Cocks reports selling a number of shares in this vicinity and at the request of a number of citizens M. Dollinger has been appointed by the company agent here.

HAROLD LLOYD IN 'FOR HEAVEN'S SAKE' In Com. Hall Saturday Next

Harold Lloyd—the off the appeal ing, mope, modest, an inner and humorous glances—will arrive to town Saturday in his latest comedy opus "For Heaven's Sake".

There isn't a dull moment in the entire production. It bubbles with wit and action; it gives the thrills and thrills, and it gives the grin and gag. It is a good, solid, substantial farce serving up hot from the Lloydisan arid.

It is a strong man method in rendering the laughs and gaspers of the underworld are enough to make a mad, dry, riotous but it is the last word in excitement and thrill.

An Alberta star, a white throat, Mr. Lloyd, of the University of Chicago, won the grand champion ship in stunts at the Toronto Royal Show last week.

Shown by the University of Alberta, which captured three championships in the respective classes in Hereford Angus and Shorthorn steers, securing the grand championship with the Shorthorn.

REGULAR MEETING OF GLEICHEN TOWN COUNCIL

A meeting of the Town Council was held in the town office on Wednesday morning 17th ult. at 8 p.m.

Those present were M. J. McMichael, Councillor, Wright, McEntee, Ferguson, Brown and Menard. Councillor Brown reported that the minutes of the meeting of 10th October be adopted as read—Carried.

Councillor Menard reported that the minutes of the meeting of 10th October be adopted as read—Carried.

A letter from Mr. Boyd was read in regard to the late and late taken against S. P. Megli.

Councillor Menard reported on the fire hall and equipment. The question of use of the toilet by the public was discussed and the opinion expressed that the toilet should be locked up.

The secretary reported on business collections. A complete list of unpaid taxes was submitted for consideration of the finance committee and it was decided not to enforce collection by seizure until the first of December.

Resolution No. 103 as amended approved by the Provincial Board of Health was submitted.

Councillor Wright and Menard: The by-law 165 now read a first time and a second time—Carried.

Councillor Wright and Menard: The by-law 165 now read a second time and a third time—Carried.

Councillor Wright and Menard: The by-law 165 now read a third time and a fourth time—Carried.

Councillor Wright and Menard: The by-law 165 now read a fourth time and a fifth time—Carried.

Councillor Wright and Menard: The by-law 165 now read a fifth time and a sixth time—Carried.

Councillor Wright and Menard: The by-law 165 now read a sixth time and a seventh time—Carried.

Councillor Wright and Menard: The by-law 165 now read a seventh time and an eighth time—Carried.

Councillor Wright and Menard: The by-law 165 now read an eighth time and a ninth time—Carried.

Councillor Wright and Menard: The by-law 165 now read a ninth time and a tenth time—Carried.

Councillor Wright and Menard: The by-law 165 now read a tenth time and an eleventh time—Carried.

Councillor Wright and Menard: The by-law 165 now read an eleventh time and a twelfth time—Carried.

Councillor Wright and Menard: The by-law 165 now read a twelfth time and a thirteenth time—Carried.

QUEENSTOWN HOLDS ANNUAL MEETING BOARD OF TRADE

By Our Own Correspondent

On Friday evening, November 17th, the annual meeting of the Board of Trade was held in the new school. A turkey supper which taxed the capacity of the room, together with a dinner was served by the ladies before the meeting began.

At 9 o'clock, Mr. W. F. Mallett in the absence of Mr. W. E. Jennings, acting president, called the meeting to order. After the reading of the minutes of the last annual meeting, the secretary gave a statement of the finances, which was in good shape.

Mr. H. Nelson, manager of the bank of New South Wales, branch here, was elected president.

G. R. Eubank, C. P. R. agent, vice-president. L. Campbell, G. Harold and A. Miller.

A resolution was moved by G. R. Eubank, seconded by W. F. Mallett, that every regular meeting on the 15th of each month, be a general meeting of the board.

Some discussion took place on the question of building a community hall and the directors were requested by resolution to investigate what would be done and empowered to take any action decided on.

It was announced that the retiring president, Mr. W. F. Mallett, had been elected to the position of getting lights on the street, this will doubtless be proceeded with in the near future.

The question of securing a daily mail service via Gleichen was also brought up.

It is understood that Mr. G. Jones, who is now carrying the daily mail to Arrowood, would extend the service on the basis of \$2 per ton per day, which is the rate he now receives for his service to Arrowood.

This would amount to \$6 per day for Arrowood, \$4 for Shoolie and Quaternon and \$8 per day for Milo would be included in the schedule. As this would serve the public interest, it seems a very reasonable amount, and probably the government would inaugurate the service if one after the other way.

The matter of getting some improvement in telephone service was also on the board for the coming year.

The continued interest and co-operation of every member in the work of the board was urged by the president, and a large attendance at the meetings this winter is confidently expected.

The adjournment of the meeting was followed by a sale of handmade garments by the ladies aid. When the ladies were bidding was the occasion for much merriment. A nice sum was realized by the ladies.

The final feature of the evening was a dance in the senior room of the school. Music of the first order was provided by Mrs. R. Aswell and Art Sell on the piano and saxophone.

A lunch of turkey sandwiches, pie and coffee was served at midnight, and it was with regret the dancers heard the last number announced when the dance broke up at 1:30.

At 9 o'clock, Mr. W. F. Mallett in the absence of Mr. W. E. Jennings, acting president, called the meeting to order.

At 9 o'clock, Mr. W. F. Mallett in the absence of Mr. W. E. Jennings, acting president, called the meeting to order.

100 prizes offered in what drive. Numerous other entertainments and contests throughout the evening.

"For Heaven's Sake"

Next Saturday Night at 8:30 P.M. COMMUNITY HALL, GLEICHEN.

Keen Interest Shown in Buffalo Supper and Old-Timers Dance

The World Invited and Everyone Coming to Gleichen Next Wed.

The Old-Timers Ball and Buffalo Supper is taking like "hot cakes". Every person far and wide is talking about it and the real old timers are "digging" down in their turkeys to dig up what they will wear next Wednesday night. Others are limbering up, shaking off the rheumatics and generally making ready to meet their friends of years long ago.

All the old time dances are to be brought back and none other allowed, so be ready for the "Grand March" and from that moment on there will be just one good dance after another and you cannot afford to miss any of them.

Don't be bashful. There will be no offense if you fall a few times in efforts to keep up with the merry-makers. Keep right on going—you will enjoy it and so will everyone else.

Last issue we left W.W. Brown's name off the general committee and for that "Brownie" is to give a special set-dance he used to be proud of away back in '48. He may catch a scaly or two captured during the Reit rebellion—who knows?

The fiddlers are also said to be tuning up before breakfast each morning, and some real surprises are to be expected in this quarter—for everyone is requested to bring along their music boxes of every description.

The various committees have been working overtime to complete every detail of the big affair and the members are not anxious that it should be known the entire world is invited whether or not invitations are received.

Last night the ladies of the Women's Institute discussed buffalo cooking until the small hours and decided that the charge for supper shall be 50c. per person. All of the net receipts to be handed over to the Gleichen Community Hall Committee.

Reefs of Debt

THE man or woman who plunges into thoughtless spending, making no provision for the future, faces financial shipwreck on the relentless reefs of debt.

Men in debt no longer control their time or their careers. Others contend them. To remain in debt is to have to do without, in bitterness of spirit.

The habit of saving part of every dollar you earn will help to keep you clear of debt, and will enable you to enjoy comfort and contentment in the days that are to come.

One Dollar a Week will suggest a savings plan for you. It is a simple plan, and it is a plan that will save you from a life of poverty. Ask our manager for a copy.

The Royal Bank of Canada

Gleichen Branch D. Hushon, Manager

Harold Lloyd in More Fun

Oh baby! Look who's here!—Harold Lloyd with a basketful of mirth. And that's no "kiddie".

Produced by the same unit that made "The Freshman". And the picture fulfills the promising ring of the title.

NEXT SATURDAY NIGHT AT 8:30 P.M. COMMUNITY HALL, GLEICHEN.

LOCAL HAPPENINGS AT QUEENSTOWN

(From our Own Correspondent)
The new picture circuit, which takes in Chazy-Queenstown and Arrowwood, is showing an excellent class of pictures, and is well deserving of the good patronage it is receiving, here at least. Peter B. Cypre's fine novel, "The Endless Hill," is being shown on the screen, was the attraction a week ago. It is a beautifully filmed and an intensely interesting picture. The Dempsey-Tunney fight picture, which was shown on Monday of this week, will prove to be a big attraction. The picture, "The Great Escape," is a picture of a woman, adapted from the novel by Rex Beach, is being shown this week, and will prove to be a big attraction. The picture, "The Great Escape," is a picture of a woman, adapted from the novel by Rex Beach, is being shown this week, and will prove to be a big attraction. The picture, "The Great Escape," is a picture of a woman, adapted from the novel by Rex Beach, is being shown this week, and will prove to be a big attraction.

Our streets have recently been brought into smooth condition by Mr. Dave Brown with his outfit on the grader. This town and district are fortunate in having a large number of citizens who are willing to spend time and money for the convenience of everyone and the progress of the district. Gratitude costs nothing, but it is easily expressed, and it is at least a pleasant form of payment when there is no other at hand, and everyone that the public well knows should be appreciated by everyone. His efforts are appreciated by every body else. In a district where citizens live in co-operation with each other, progress is inevitable; consequently our progress in the past is only a foundation on which we will have our progress in the future.

Mr. Orville Hanson has installed a new automatic DeLicht lighting system in his barber shop, and pool room. This is a great improvement over his lamps, as the light may now be directed where required on the tables and over the chair. Orville is also inventing in a set of electric clips, the use of which is now possible. This is another step in the gradual process of overcoming the natural difficulties attendant upon the growth of a new town.

Mr. Geo. Gebert has erected a slaughter house just west of town and is starting a wholesale meat business. Mr. Gebert for years ran a first-class butcher shop in Regina, and has had a great deal of experience in this line of business. We believe that "Guthrie" Gebert will give him the name by which he is best known, will find a very generous patronage in this new location.

W. Blowers is the owner of a new Chrysler "50", the four cylinder car now being distributed by the Chrysler organization. He expressed satisfaction with the performance and comfort of the car to date.

Mr. and Mrs. Harry Herbert, of Chazelle, formerly of this district, were in the vicinity last week, and were guests at H. Messinger's and G. F. Campbell's.

Justice Elder has purchased a Pontiac closed car, and intends to travel in comfort this winter. Closed cars are decidedly popular in this season.

Mr. Allan Robinson recently purchased another quarter-section adjoining his present farm.

W. Mallet is driving a new Ford sedan.

THE UNITED CHURCH

Gleichen: Church School, 10:45 a.m. Public Worship, 7:30 p.m. Arrowwood: Communion service in the Consolidated school at 10:30 o'clock in the morning. Gleichen: Communion service in the public school at 3 p.m. The pastor, Rev. Geo. Weber, will have charge of the services next Sunday, as indicated above. The evening address of "The United Church at Work" will be illustrated by a fine set of lantern slides. A cordial welcome for all. The mid-week service for Bible study is held at the Masonic hall, Wednesday evening at 8 o'clock. All are invited. Come and bring your Bible.

ST. ANDREW'S CHURCH

Sunday, November 28th.
1st Sunday in Advent.
Sunday school 11 a.m.
Evening prayer 7:30 p.m.
REV. G. R. DALLMAN,
Incumbent.

St. Andrew's W. A. Will meet at the home of Mrs. T. H. Beach on Thursday afternoon the 28th inst., at 8 p.m.

The Rev. C. R. Daniels will preach his farewell sermon on Sunday evening and it is hoped that as many as possible will turn out to the first service. Mr. Daniels' stay in Gleichen has been very short but all who had the privilege of meeting and knowing Mr. Daniels can speak well of him as a very sincere and earnest minister of the gospel. The very best wishes of St. Andrew's congregation will go with Mr. Daniels who is leaving shortly for his old home in England.

The services in St. Andrew's church will be carried on as usual after Mr. Daniels' departure. A final announcement will be in next week's paper.

Despite the inclemency of the weather last Sunday morning some of the Sunday school scholars drove in five miles to Sunday school. Surely this is the true Sunday school spirit. There was also a good turn out of town children, but next Sunday all should be on hand to say goodbye to Mr. Daniels.

"A woman's work is never done" she said, as dinner came on the table all day long. She was gloomily, as he pushed away the potatoes.

Here and There

Lethbridge-Beady made first-grade district has surely broken all wheat records with a yield of 72 bushels of Turkey Red winter wheat to the acre on a 57 year field. This unusual feat was achieved on the farm of Armour and Brinkley.

Money from Ontario, in competition with exhibitors all parts of the world, was awarded first and second prizes at the British Columbia Show held recently in London, England, according to a cable received by the Ontario Home Products Co-operative Ltd.

So successful on Canadian farms have been young mechanics, who prior to residence in this country were students in agriculture at the Hodleigh Salvation Army School in Essex, England, that the Army will shortly receive into its institutions their first class of graduates from farm lands in the new Dominion. The course will be given during six months, and will mean a thorough training in branches of agriculture, particularly adapted to conditions in Canada.

Prospects for the establishment of air routes in Japan for mail and passenger service have brightened with the announcement that the Ministry of Communications have included an appropriation in the budget of the Communications Department for such a service. It is anticipated that there will be enough passengers willing to give double the railroad fare for the sake of speed between Osaka and Tokyo, the leading cities of Japan.

That's why we sell the best coal for less.

It will pay you to see us for your winter's supply of Newcastle Coal. We will have coal on tracks every day now.

R. S. McQUEEN
PHONE 87
GLEICHEN

Vancouver—A giant merger of interest in British Columbia, Washington and Oregon, involving \$400,000,000 of capital, is likely to result from plans now under way, according to "The Daily Press." Several of the British Columbia mills are expected to be sold of the whole—are said to be favorably inclined to the amalgamation.

Montreal—Despite the lateness of the season new immigration to Canada continues at quite an active rate. Week-end arrivals of the Canadian Pacific and "Montreal" and "Minneapolis" discharged approximately 1,200 third class passengers to be added to Canada's population. Included in the new arrivals was the first of the British Columbia immigrants to come to Alberta under the auspices of the Headley scheme.

Manitoba's tourist traffic for the 1928 season left over \$700,000 in the province, according to the Winnipeg Tourist and Convention Bureau. From the United States a total of 108,710 visitors came into the province of which number 75,011 remained for a longer time. The average stay of the latter was 21.4 days. The increase of cars entering the province over those of the previous year was approximately 45 per cent.

In order that a more intimate knowledge of the Canadian Pacific Railway shipping terminals in the vicinity of Montreal might be gained, over 150 traffic representatives of the various industrial concerns in the district were the guests of the C.P.R. in a recent tour of the various concerns. West Montreal, Adirondack Junction, East End, East End cattle markets, Angus Shops, Hochstadt and Place Victor were among the terminals inspected by the manufacturers.

The S.S. "Empress of Port McNicoll" now undergoing overhauling at the Yards in Montreal, will be renamed the "Rochester" and placed in the British Columbia Coastal Service, according to C. D. Neupert, assistant manager of the Service. The vessel will sail for St. John's, Newfoundland, and hence to Sydney, C.B., where she will load with 1,200 tons of steel and proceed to Vancouver via the Panama Canal. This will be the first trip of the "Rochester" under Canadian Pacific ownership.

An optimistic forecast for the future of Poland was made recently by Gerard Ryan, representative of the Canadian Pacific Railway Company at Lemberg, Poland, who was interviewed in Montreal recently after completing an extensive tour of the Dominion and part of the western United States. Mr. Ryan stated that he was impressed with the rapid progress of the Polish immigrant settlers in Poland, and that the acute problem in Poland today was over-population, informed the European representative.

"To make an extreme case of Cubist art and attempt to force it on the public against their will as intelligence, is folly," declared Leonard Richmond, R.E.A., well-known international painter, in an interview at the headquarters of the Canadian Pacific Railway in Montreal recently. Mr. Richmond is beginning a lecture tour of a number of Michigan and Illinois cities. He stated that he is similar to show that all modern art, even in its most apparently unintelligible forms, is a legitimate development from all that has gone before.

TOWN AND DISTRICT

of course a piano, a number of flutes, additional chorists and possibly a few banjos or other string instruments. The necessary music has been ordered and will be here in the course of a few days. This step was principally taken in view of the present shortage of band players. He put his arms around her, on her lips he planted a kiss. "I've slipped from my cap," quoth he. "But never from a mug like this."

TOWN AND DISTRICT

Tom Wilson, prosperous farmer and thrasher of the district, has purchased a "Chrysler 30 Coach". He is sure pleased with the wonderful performance of the same.

The cutting rink is being attended to by Hugh Bates. It has been flooded and within a few days the rinks will be sliding over the ice in great style.

Mrs. William Sanders, unfortunately fell on the back steps of her home spraining her ankle and breaking her leg. Mrs. Sanders is improving and is expected to have an X-ray view taken some time this week.

The first wheat pool payment on the wheat grown by our red brothers was received on Thursday last enabling them to purchase a good many things long wished for and once again being "flush" the town received the visit of the many prosperous Indian farmers.

The skating rink has been flooded and before very long winter sports will come into their own. Billy Graves has been placed in charge of the rink for the season. The town soon is to be used for the present but a new hose for this special purpose has been ordered.

We are sorry to report the death of the infant child of Mr. Tom Barr of Arrowwood which occurred in the Calgary hospital last Thursday night. Since the death of the child's mother he has been cared for by Mrs. Henry Schaepp of Gleichen. When his illness became serious the child was transferred to Calgary.

F. E. Polak has now installed quite a number of his "Fox guests" on his for-farm just west of town. He is expecting another shipment down from British Columbia as soon as he can get the pens ready for them. In a few years one will hear of Gleichen as the famous "Olefeld and Fox farming country." Let's help boost it.

Sergeant Tomlinson, when cranking a Ford car, hurt his wrist severely. For a number of days he was obliged to carry his arm in a sling. It finally became even necessary to have an X-ray examination made in Calgary. The wrist bone proved to be broken right across, and although the arm is coming along fine it will take some time to give the sergeant the use of his arm back.
